PROFESSIONAL SUMMARY

MERN Stack Developer with 1 year of experience, including 6 months of training and 6 months as a MERN Stack Trainer. Skilled in building responsive and user-friendly web applications using MongoDB, Express.js, React.js, and Node.js. Good understanding of frontend and backend development, REST APIs, authentication, database handling, and modern JavaScript concepts. Passionate about writing clean code, solving problems, and continuously learning new technologies to build scalable web solutions.

TECHNICAL SKILLS

- **Frontend Technologies:** HTML5, CSS3, JavaScript (ES6+), React.js, Redux, Bootstrap, Tailwind CSS
- **Backend Technologies:** Node.js, Express.js
- **Database & ODM:** MongoDB, Mongoose
- **API Integration:** REST APIs, Axios
- **Authentication & Security:** JWT, bcrypt
- **Developer Tools:** Git, GitHub, Postman, Render, VS Code
- **Additional Skills:** CRUD Operations, Responsive Web Design

PROFESSIONAL EXPERIENCE

Cyber Core Technology 01/2026 – Present
MERN Stack Trainer Mohali

- Delivered training on MongoDB, Express.js, React.js, and Node.js to students.
- Guided learners in building full-stack projects and understanding API integration.
- Mentored students in JavaScript concepts, debugging, and coding best practices.

Cyber Core Technology 07/2025 – 12/2025
MERN Stack Trainee Mohali

- Completed hands-on training in MERN Stack development using MongoDB, Express.js, React.js, and Node.js.
- Built full-stack web applications with CRUD operations, REST APIs, and database integration.
- Gained practical experience in frontend development, backend logic, and responsive UI design.

PROJECTS

MERN E-Commerce Web Application
React.js, Node.js, Express.js, MongoDB, JWT, REST API

- Built a full-stack e-commerce application with user authentication, product browsing, cart functionality, and order workflow
- Developed RESTful APIs for CRUD operations, product management, and secure user data handling using Node.js and Express.js
- Integrated MongoDB for database management and created a responsive user interface for smooth shopping experience across devices

Amazon Clone Web Application
React.js, JavaScript, and CSS

- Built a responsive **Amazon Clone frontend** using **React.js, JavaScript, and CSS** with an e-commerce inspired user interface.
- Developed reusable components for **homepage, navigation bar, product cards, and cart pages** to create a smooth shopping experience.
- Focused on **responsive design, clean UI structure, and modern frontend development practices.**

CERTIFICATES

Cyber core Techonology 07/2025 – 12/2025
MERN Stack Developer Mohali

Certificate of Completion in MERN Stack Development

Cyber Core Techonology 01/2026 – 01/2026
Python Basic Mohali

Certificate of Completion in Python Basic
